

**BUREAU OF AUTOMOTIVE REPAIR**  
**MOTOR VEHICLE INSPECTION PROGRAM DEFINITIONS**  
TITLE 16, CALIFORNIA CODE OF REGULATIONS, § 3340.1

**SECTION 100. CHANGES WITHOUT REGULATORY EFFECT**

Pursuant to Title 1, Division 1, Chapter 1, Article 2, §100(b)(3), of the California Code of Regulations, the Bureau of Automotive Repair (BAR), Department of Consumer Affairs (DCA), hereby submits this written statement explaining why the amendment of §3340.1 of Article 6 of Chapter 1, Division 33, Title 16, California Code of Regulations<sup>1</sup> (CCR) does not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of any CCR provision.

Following is a description of the change being made to the CCR and an explanation of why this change has no regulatory effect:

The Bureau wishes to modify its regulations with a Section 100 Change Without Regulatory Effect. The proposed changes will amend §3340.1 which contains definitions of terms associated with the motor vehicle inspection program. The Bureau wishes to rearrange the definition of each term into alphabetical order. These proposed changes will reduce the amount of time it will take to look up definitions and will provide the Smog Check industry, consumers, and BAR staff with regulations that are easy to reference and navigate. No additional revisions will be made during this Section 100 change.
